

RETRIEVER[®] 6T

NON-CDL

- UP TO 12,000 LB LEGAL PAYLOAD
- BED DIMENSIONS: 20' (L) X 102" (W)
- BED HEIGHT: 41"

THE RETRIEVER ADVANTAGE

No Idle System[™]

Load and unload payloads up to 12,000 lbs.* with the truck's engine turned OFF

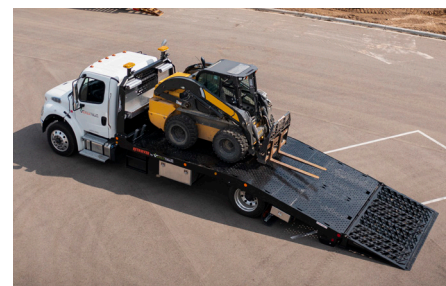

* Payload based on chassis, chassis options, and selected Retriever options.

Patented Bed Design

The Retriever's curved deck creates the lowest loading angle of any similar product

Greater Flexibility

One Retriever can do the work of several different types of trucks

ABOUT US

Versatran, a division of Metalcraft of Mayville, is dedicated to the design and manufacturing of products for transportation of construction and industrial equipment. Many years of experience in equipment transportation, along with vast knowledge of our customer's needs, have led to a unique patented Retriever design that is unmatched for efficiency, safety, durability and environmental friendliness.
